

Amadeus Ticket Changer Is Now Available On Airlines

Dear Trade Partner,

In today's environment of last minute alterations, having the flexibility to change flights is increasingly important to both business and leisure travelers.

With immediate effect, re-issuing an El Al Israel ticket has become a lot simpler. Amadeus Ticket Changer (ATC) allows you to automatically recalculate and prepare documents for the issuance of voluntary reissues or revalidations of electronic tickets based on the IATA industry standard.

In 4 simple steps, you will be able to automatically retrieve a booking; update changes to flight numbers, travel dates, booking classes; get the applicable fare changes in relevant currency; and complete reissuance of the document-taking the weight off your shoulders and ensuring error-free transactions.

Kindly get in touch with the Amadeus Helpdesk to switch on this functionality and take advantage of this development.

For more information please contact your nearest El Al Israel Airlines Office or your Amadeus Helpdesk.
