### Useful Solutions from Amadeus India in the New Industry Scenario

Dear Travel Partner,

This Newsflash intends to equip the Amadeus users with all the Products & Solutions which can facilitate the service charges or tax codes to be used in travel itineraries or travel documentation.

#### 1. Amadeus Advanced Professional

This script based application allows you to generate the travel document with itinerary and fare display along with the Service Fee/Management Fee charged.

The travel counselor has multiple options to select the fee type and enter the amount in a text box.

No need to remember or perform any manual entry. No automated reporting performed.

Product available to all Amadeus users.

The product/ information can be downloaded from a central Amadeus location site.

Amadeus Fare Guarantee continues to remain valid based on the conditions provided

in the Newsflash earlier and also available on the website [www.amadeus.in](http://www.amadeus.in)

(<http://www.amadeus.co.in/30/30150.htm>)

Please contact your Amadeus India Sales contact for further details.

#### 2. Inclusion of OC Tax Code

In case the Amadeus users wish to include the OC tax code in the Amadeus TST, the same can be done by using the TTI/K entries as highlighted in the earlier Newsflash (

<http://www.amadeus.co.in/30/30150.htm>)

Finally, Amadeus continues to support the Amadeus Service Fee Manager which allows you to store and calculate service fees based on the itinerary or mode of travel without reporting or displaying the service charges on the ticket.
