

Amadeus Queues

In continuation to our last update on Queues, we wish to share entries to customize your queue bank with Special Queues, as per your business requirement.

PNRs are not placed automatically after the Queue / Category creation and required queue placement manually to the targeted queue. However, the queue placement of PNRs to the default Queues (1 for Confirmation, 2 for Confirmation from Waitlist, 8 for TKTL, etc.) works automatically.

Listed below are the entries to add / delete special queues and name the same.

Queue Creation Entries	Explanation
QA22C0	Add with 1 category 0
QA22C3	Create queue 22 with 3 categories (0-3)
QAC41C5-10	Add categories to existing queue.
