

## BAGGAGE ALLOWANCE DISPLAY CRITERIA IATA RESOLUTION 722

Dear Subscriber,

Amadeus presents to you the complete Baggage information in compliance with the IATA RESOLUTION 722 – that now includes a **"Blank"** space when no baggage data is found.

### Overview of IATA Resolution – 722

- When the free baggage allowance is based on Kilos, kilos 'K' or pounds 'L' is appended in the Free Baggage Allowance (FBA) box, e.g. 20K or 44L.
- When the free baggage allowance is based on pieces, 'PC' optionally preceded by the number of pieces is appended in the FBA box, e.g. PC or 2PC.
- When the free baggage allowance is unknown, the FBA box remains blank.
- When the fare used does not permit any free baggage allowance, 'NO', 'NIL' or 'XX' should be reflected in the FBA box.

### Key Pricing Enhancements:

In compliance with the above IATA Resolution, Amadeus has implemented,

- A new value "BLANK" in the free baggage allowance field in output of Fare Pricing (FXP/FXX/FQP, etc.), in TST and E-Ticket when no data for free baggage allowance is filed by the Airline.
- If no free baggage allowance is permitted, system displays 0P in output of Fare Pricing (FXP/FXX/FQP, etc.), 0PC in TST and E-Ticket

*Note – Some airlines may not have filed/updated their free baggage allowance through ATPCO, and would expect agents to refer to their own baggage policy.*
