

Enhancement in TST (Cryptic) Display for Negotiated Fare

Dear Travel Partner,

With a view to enhance the readability of a Transitionally Stored Ticket (TQT) for Negotiated Fare, Amadeus has enriched the cryptic entry (TQN) to allow agents to be able to identify the TST stored with a negotiated fare.

Key Features:

In order to facilitate the reading of Negotiated Fare information included in the TST display, the responses of the following entry has been updated

- TQN: Display a TST with a negotiated fare

TST illustration for automatically stored fare (With Negotiated Fare Display):

Entry: TQN
