Dear Subscriber,

We are happy to share with you the latest enhancements to the electronic ticket display to show information for code-share flights. Effective March 12th, 2012, both marketing and operating carrier codes are included in the Electronic Ticket Display (TWD) as well as Itinerary Ticket Receipt (ITR).

Key Features/Benefits

- The E-Ticket Display will include both marketing and operating carrier codes in case of code-share flight.
- This enhancement will help the agent for after-sales transactions, in case that the PNR has been purged
