

TURKISH AIRLINES (TK) - NEW PARTICIPATING CARRIERS IN AMADEUS TICKET CHANGER

We are happy to share the new participating carrier TK (Turkish Airlines) in ATC (Amadeus Ticket Changer) that offers an automated solution to voluntary E-Ticket exchange giving an advantage of re-pricing & re-issuing E-Tickets easily and efficiently.

Re-Iterating Key Features:

- The ATC entries (FXF/FXQ/FXO/FXE) can be used to re-issue E-Tickets on a wide range of carriers who file the fare penalty via ATPCO CAT 16 above the NOTE section in fare rules.
- The ATC entries automatically generate an applicable penalty fee (only single tax code) into the TST as a tax code, Q surcharge, additional amount etc. based on each participating local airline policy.
- At re-pricing time, ATC Reissue will now compute the JN Tax automatically to apply on the change penalty.
