

NEW PRICING & TICKETING CHECKS ON LAST TICKETING DATE AND TIME

We are pleased to share the enhancement in Last Ticketing Date display while pricing & ticketing for an itinerary.

Key features:

- **At Pricing Time:** Improved pricing check of the Last Ticketing Date with Time.
- **At TST Display Level:** Display of the Last Ticketing Date with Time in the TST header.
- **At Ticket Issuance Time:** Additional check at ticket issuance against the last ticketing Date and Time.

Benefits:

Amadeus has improved the Last Ticketing Date and Time **when filed by Airlines**, in the Advance Purchase Reservation/Ticketing Rules, which will help users to avoid the ADMs.

Illustration:

Refer to the below pasted example on Emirates (EK), where in the Airline has filed the condition that ticketing must be completed with 4hrs of booking creation when the booking is created at least 1 day of departure.
