FA Element – New Update Process for Revalidation

Dear Business Partner,

We are happy to inform you regarding the enhancement in FA (E-Ticket element) processing for revalidation entry that makes the system more efficient and user friendly for you.

Key Features

- Until now, a new FA element was added to the PNR after an E-Ticket revalidation (TTP/ETRV).
- With the new process, the existing FA element with the same ticket number will get updated with new flight details.
- FA processing for first issuance & subsequent reissuance of E-Tickets is not impacted by this change.

Benefits

- Simple PNR display
- Easier tracking of E-Ticket numbers within the PNR.
- Reduced chance of reaching the limit of 128 FA elements for large group reservations by eliminating duplication of same E-Ticket number.

Below illustration will simplify the enhancement,
