3 Service – Extra baggage (weight concept)

Service description and purpose:

These baggage services can be offered to customers who wish to buy/carry additional baggage apart from the entitled baggage allowance.

This service applies to destinations where Weight concept baggage rules apply e.g. Within India and SIN,BKK,DXB,CMB,DAC,DOH,SHJ,KTM currently. Additional sectors will keep getting added as and when operations commence.

The customers can be offered discounted rates up to 6 hours before departure and non-discounted rates within D-6 till D-2 hrs. of flight departure.

The prices are filed in both INR (for within India journeys) and USD (for International destinations) and will be converted in local currency depending on the point of sale upon EMD issuance.

The prices have been filed on O&D basis e.g. for a customer travelling from HYD-DEL-SIN (with connecting flight in Delhi within 24hrs.) will be charged only once for the entire portion and will be provided through check-in at airport. If the connecting flight is above 24hrs. then per segment price will be charged.

Service requires specific mandatory text followed by the SSR to obtain the correct price for the respective range.

As prices are subject to change at any time without any prior notice, always price the respective baggage range on the system and advice customers accordingly to obtain the correct price.

Extra baggage can be purchased in 12 categories and is sold/distributed through a common SSR code :

SSR Code – XBAG
