

## **Easing of Border Control Measures for Entry into Singapore**

Dear Trade Partners

Please note the updates below.

Fully vaccinated travelers on all Singapore Airlines (SIA) flights will enjoy quarantine-free entry into Singapore<sup>1</sup>.

Effective 26 April 2022, requirement for a pre-departure test for entry into Singapore will be removed for both fully vaccinated travelers<sup>2</sup>, as well as not fully vaccinated children aged 12 and below.

Prevailing visa requirements are still applicable.

Entry requirements for non-fully vaccinated travelers remain unchanged<sup>3</sup>. All non-fully vaccinated travelers aged 13 and above who are allowed to enter Singapore are required to take a PDT within 2 days before departure for Singapore, undergo a 7-day SHN, and take a Polymerase Chain Reaction COVID-19 test at the end of their SHN period.

### **Long Term Pass Holders and Short-Term Visitors**

Long-term pass holders (LTPHs) and short-term visitors (STVs) who are not fully vaccinated against Covid-19 and are aged 13 and above are not allowed to enter Singapore, with the following exceptions:

- i. LTPHs medically ineligible for vaccines
- ii. LTPHs and STVs with other valid entry approval<sup>4</sup> (e.g., For compassionate reasons)
- iii. LTPHs aged 13 to 17, subject to the appropriate measures.

For more information, please visit the Covid-19 information center on our website<sup>5</sup>.

Please contact your local Sales team if you have any queries.

**Released by: SIA India : (25 April 2022)**
