Flight Resumption for Singapore – India

Dear Trade Partners,

As part of the Air Travel Bubble arrangement between **Singapore and India**, Scoot is delighted to share that we will be resuming flights from Singapore to **Hyderabad, Tiruchirappalli, and Amritsar** progressively from 30 Nov 2021

Please note that flights to these three cities are not part of our current VTL arrangements.

Non-Vaccinated Travel Lane Flights (between Singapore and India)

- Customers on these flights must meet entry requirements into Singapore, and will face prevailing health control measures including seven days Stay Home Notice (SHN) in Singapore.
- Customers travelling to Singapore from India on non-VTL flights will need to adhere to Category (II) Travel and Health Control Measures laid down by the Singapore Government, which can be found [here](#).
- Travellers must undergo a professionally administered Antigen Rapid Test (ART) or Polymerase Chain Reaction (PCR) Test within two days of the flight departure.
