

Dear Trade Partners,

NOTICE DATE: 3/03/22

Japan's "New Measures to Strengthen Border Control"

Please be advised that Japan's "New Measures to Strengthen Border Control Measures" was revised on 1ST March'22.

From 0:00 am (JST) on March 1, 2022

Self-quarantine period after passenger entry into Japan is changed.

Vaccinated Passengers

- **Situation 1 - Pax needs to wait at home for 3 days.**

(After day 3: If you do not receive the test yourself, you must wait until day 7)

- **Situation 2 - Pax needs to wait at home for 3 days.**

(After day 3: If you receive the test yourself, submit the negative result to the Immigration Health Check Center). Pax can shorten the wait period after receiving the wait end notification.

*Vaccination certification is mentioned below.

Non-Vaccinated Passengers

- **Pax needs to complete 3 days institutional quarantine.**

(After day 3: The quarantine period ends if the test is negative at the time of leaving the facility)

Use of Public Transport

In the following cases, it is possible to use public transportation for purposes including domestic flights when moving to a waiting place such as home. However, it is necessary to arrive at your home (isolated area) within 24 hours from the Test time at the time of entry airport.

Ex/ If you are Test at the airport on 01MAR 07:30JST, you must complete your move to your home (isolated area) by 02MAR 07:30JST.
