## **Carriage of Passengers Into and Out of Australia**

Dear Trade Partners,

Please note that the carriage of passengers into and out of Australia is subject to eligibility criteria determined by the Australian government. Customers must meet all required criteria before booking a flight either to or from Australia. Please note that entry requirements and eligibility are dynamic and subject to changes by the Australian federal and state governments.

**Scoot customers are advised to check against the full criteria on the Australian Government's Department of Home Affairs [website](#) to confirm their eligibility before booking a flight either to or from Australia.**

### **Travel for vaccinated Australians into Australia**

Australian citizens and permanent residents who are:

1. fully vaccinated with an Australian Therapeutic Goods Administration (TGA) approved or recognised vaccine, or
2. under the age of 12, or
3. who cannot be vaccinated due to a medical condition,

may soon be eligible for reduced quarantine arrangements when returning to Australia. Please note that the criteria above are not exhaustive, and may be subject to changes.

States and Territories are responsible for determining, and managing, reduced quarantine measures for vaccinated Australians and permanent residents. Before traveling to Australia, customers must check with the [State or Territory](#) that they are returning to for their prevailing quarantine arrangements and confirm that they comply with the requirements.

As the process and certification of vaccination status for verification by the Australian Government may evolve, the booking of flight tickets to Australia prior to the Australian Government announcing these requirements is at the customer's own risk. For the latest information pertaining to travel to Australia, please click [here](#).

### **Travel bookings to Australia**

Customers who believe they are eligible for reduced quarantine arrangements and can verify their vaccination status with the above credentials, may book the following Scoot flights:

- Singapore to Sydney: TR12 (Flights from 1 November 2021)
- Singapore to Melbourne: TR18 (Flights from 10 December 2021)
- Singapore to Perth: TR8, TR16 (Flights from 1 February 2022)

Should Scoot be unable to accommodate customers on their booked flights in the event of a change to the eligibility criteria as set out by the Australian Government or State and Territory Governments, customers may request for a date change or a refund, subject to Scoot's terms and conditions.

### **Travel for vaccinated Australians out of Australia**

The Australian government has announced that Australian citizens or permanent residents aged 12 and over who have received two doses of a TGA approved or recognised vaccine will be able to travel internationally without needing an exemption once certain vaccination targets are met. Children under 12, and those who cannot be vaccinated for medical reasons will also be able to travel overseas without an exemption.

Customers planning to travel out of Australia must ensure that they comply with prevailing travel and border measures implemented by the countries of their destination. If eligible, there are no restrictions on which flights customers can book to depart Australia. Customers who are planning to return to Australia, must continue to check the State or Territory requirements for reduced quarantine arrangements for vaccinated Australians and permanent residents.

As travel restrictions and advisories may rapidly evolve, customers are solely responsible for complying with all laws and/or travel requirements of jurisdictions to be flown from, into or over.

This advisory is correct as of 20 October 2021.

For the latest updates on Carriage of Passengers into and out of Australia, please refer to Scoot's advisory.

For the latest entry requirements from Australian government, please refer to Australian Government Department of Home Affairs.

Scoot will continue to monitor the situation, as well as evolving regulatory guidelines. Do visit our website for travel advisories, latest flight schedule and latest announcements.

Should you have any further questions, do contact your local Scoot office.

With Best Regards,
