2. Quarantine period after entering Japan

| <u>Quarantine period after entering Japan</u> | | | | |
|--|--|-------------------|---|---|
| <u>Use of public transport after entry</u> | | | | |
| In the following cases, it is possible to use public transportation for purposes including domestic flights when moving to a waiting place such as home. | | | | |
| However, it is necessary to arrive at your home(isolated area) within 24 hours from the Test time at the time of entry airport. Also, it is advisable to take domestic connection after 5-6 hrs arriving HND/NRT airport because it takes approximately 4 hours in RT PCR at HND/NRT airport and 1-2 hrs in check -in for domestic connection. | | | | |
| Ex/ If you reach HND airport on 01 JUL 7:30 JST, then your domestic connection should be atleast at 13:30JST or after 13:30 JST and you must complete your move to the your home(isolated area) by 02JUL 07:30JST. | | | | |
| Stay History | Valid Vaccination Certificate | Day 0 (ARR Day) | Day 1-3 | Day 4-7 |
| From India (Yellow Region) | None | Test @ Airport | Quarantine at home/accommodations (if not taking self-test after three days after entering Japan) | |
| | | | Quarantine at home/accommodations Take self test after three days after entering Japan , submit result (if negative) to Health Monitoring Center for Overseas Entrants (HCO) | Quarantine shortened if you receive notice of end of quarantine |
| | Yes(If you have booster dose of Covishield & Covaxin) | Test Not required | Home Quarantine and other measures not required | |

Note-Airport change in Japan is not allowed (Ex/ DEL→HND→NRT→JFK) > Transit HND to NRT will continue to be prohibited.

Note-Travelers with a connecting flight out of Narita International Airport the following day

Example- JL7754/26MAR BLRNRT 0240/1410

JL8006/27MAR NRTJFK 1130+1/1115+1

Transit is not permitted due to overnight transit at NRT -Due NRT is not a 24-hour airport.
